EDUCATION

BE - Computer Engineering   **Jun 2021 - Jun 2025**
PCET's Nutan Maharashtra Institute Of Engineering and Technology Talegaon, Pune

HSC   **Apr 2020 - Apr 2021**
Jai Hind Junior College, Dhule.
Percentage=90%

SSC   **Apr 2018 - Apr 2019**
Raje Chhatrapati Sambhaji Highschool, Dhule.
Percentage=81%

PROJECTS

DIRECTORY MONITORING SCRIPT
Technologies: Python 3, OS module, datetime, logging module
- Built a Python script to continuously monitor a specified directory and log any file changes — file creation, modification or deletion.
- Used built-in Python modules (OS, datetime, logging) to implement directory scanning, change detection, timestamped event logging and structured log output.
- Gained hands-on experience with file & directory handling, automation scripting, real-time monitoring and logging best practices.

E-COMMERCE PRODUCT ANALYSIS
Technologies: Python, Pandas, SQL
- Cleaned and processed multi-file e-commerce datasets (orders, customers, products) using Pandas.
- Performed data transformation, including merging datasets, handling missing values, and removing duplicates.
- Loaded cleaned data into an SQL database for structured analysis.
- Wrote complex SQL queries to identify top-selling products, high-value customers, and seasonal trends.
- Generated insights on customer purchase behaviour, revenue patterns, and product performance.
- Automated repetitive analysis tasks using reusable Python scripts.

ACTIVITIES

Shaashwat   Pune
Coordinator & Treasurer   Aug 2022 – Aug 2024
- Managed and maintained club funds with accuracy, accountability, and strong financial responsibility.
- Organized and executed the club's **largest fundraising event**, resulting in record contributions and increased engagement.

IEEE   Pune
Committee Member   Aug 2022 – Aug 2023
- Actively participated in various IEEE events, workshops, and technical activities.
- Engaged in professional development sessions organized by IEEE to enhance technical and leadership skills.

ADDITIONAL

Technical Skills: Python, SQL, ETL, Pandas, Advanced Excel
Languages: English (Fluent), Hindi (Fluent), Marathi (Native)
Certifications & Training: Python by Infosys Spring Board, Web Development by Accmegrade
